More than the physical achievements, we cherish the relationships built, the shared faith, and the spirit of love and solidarity that you brought into our lives. Your appreciation of the people here, especially the poor and marginalized, reflects the depth of your heart and your genuine commitment to humanity.

Though this chapter of active collaboration may be coming to a close, the bond we share will remain strong. You will always be remembered in our prayers and hearts with deep affection and gratitude. As you have mentioned, several reasons, such as family responsibility and fund-raising issues and the socio-political situation in India are a matter of concern and these are genuine issues. But our hearts and doors are open to welcome you and do visit to us and the project area any time. We hope and pray that the situation will improve in the days to come.

As you have decided to finish all the projects by the end of this year. I thank you for your generous openness for sharing the remaining funds "if any". It is an indicator of your love and concern for our people and the Diocese.

We assure you our continued prayers for you and your families, donors and "Together" associates that God may bless you abundantly with good health, peace, and fulfillment in all that lies ahead.
